Hi Heather,

I'd be happy to coordinate with Jennifer on setting up a Chemours meeting. I was out of the office for several days and am just getting caught up on things today. I will call Jenny later today or tomorrow morning. Hope all is well with you.

Roger

Subject: Roger - could you work with Jenny Wilson to set up a call? RE: Chemours West Virginia facility

Hi Roger,

I hope that you're doing well in Philly. We appreciated the information that Rick provided us yesterday on WV's request for assistance from ORD to have air stack testing conducted at the Washington Works Facility. I wanted to follow-up on Kim and Rick's emails below and request that you work with Jenny Wilson to set up a coordination call for sometime within the next few weeks to discuss the status of our case with DuPont and Chemours as well as WV's air efforts. I am guessing this first meeting would include Rick and Tom Poy as well as staff.

We appreciate your time and assistance.

Best wishes,
Heather

ENFORCEMENT CONFIDENTIAL

Hi Rick - thank you so much for the update and we'll work with Roger to schedule a call sometime this week.

Thanks again,

-Kim

ENFORCEMENT CONFIDENTIAL

Hi Roger,

Earlier this morning, the R3 DRA called to inform our senior management that R3's Air DD plans to call our Air DD to discuss the WW Chemours facility and an anticipated GenX joint order. As such, R5 staff were asked to provide background. Do you know anything about this? If so, do you have background info that we can share with management in preparation of this call? We were asked to have background available by Monday morning. Appreciate any help that you can provide.

Thanks!

Kim
